The stock lies in the middle of a wide and strong rising trend in the short term and a further rise within the trend is signaled. The **Hubei Yihua Chemical Industry Co., Ltd.** stock holds buy signals from both short and long-term Moving Averages giving a positive forecast for the stock, but the stock has a general sell signal from the relation between the two signals where the long-term average is above the short-term average. On corrections down, there will be some support from the lines at **¥12.52** and **¥12.56**. A breakdown below any of these levels will issue sell signals. Some negative signals were issued as well, and these may have some influence on the near short-term development. A sell signal was issued from a pivot top point on **Friday, June 07, 2024**, and so far it has fallen **-4.06%**. Further fall is indicated until a new bottom pivot has been found. Furthermore, there is currently a sell signal from the 3 month Moving Average Convergence Divergence (MACD). Volume fell during the last trading day while price remained unchanged. This may be an early warning, but it may also not. We still recommend that you pay attention over the next couple of days.

Hubei Yihua Chemical Industry Co., Ltd. finds support from accumulated volume at **¥12.73** and this level may hold a buying opportunity as an upwards reaction can be expected when the support is being tested. This stock has average movements during the day and with good trading volume, the risk is considered to be medium. During the last day, the stock moved **¥1.30** between high and low, or **10.99%**. For the last week, the stock has had daily average volatility of **8.40%**.

Hubei Yihua Chemical Industry Co., Ltd. holds several negative signals and this should be a sell candidate, but due to the general chance for a turnaround situation it should be considered as a hold candidate (hold or accumulate) in this position whilst awaiting further development. We have upgraded our analysis conclusion for this stock since the last evaluation from a Sell to a Hold/Accumulate candidate.
