Tech commentaries:

The **Corporacion America Airports S.A.** stock price gained **0.99%** on the last trading day (Friday, 3rd May 2024), rising from **\$17.15** to **\$17.32**. It has now gained 6 days in a row. It is not often that stocks manage to gain so many days in a row, and falls for a day or two should be expected. During the last trading day the stock fluctuated **2.73%** from a day low at **\$17.21** to a day high of **\$17.68**. The price has risen in 8 of the last 10 days and is up by **5.74%** over the past 2 weeks. Volume has increased on the last day along with the price, which is a positive technical sign, and, in total, **34 thousand** more shares were traded than the day before. In total, **126 thousand** shares were bought and sold for approximately **\$2.19** million.

The stock lies in the middle of a wide and strong rising trend in the short term and a further rise within the trend is signaled. Given the current short-term trend, the stock is expected to rise **13.70%** during the next 3 months and, with a 90% probability hold a price between **\$17.44** and **\$20.79** at the end of this 3-month period.

The **Corporacion America Airports S.A.** stock holds buy signals from both short and long-term Moving Averages giving a positive forecast for the stock. Also, there is a general buy signal from the relation between the two signals where the short-term average is above the long-term average. On corrections down, there will be some support from the lines at **\$16.95** and **\$16.56**. A breakdown below any of these levels will issue sell signals. Volume is rising along with the price. This is considered to be a good technical signal. Some negative signals were issued as well, and these may have some influence on the near short-term development. A sell signal was issued from a pivot top point on **Monday, April 08, 2024**, and so far it has fallen -1.65%. Further fall is indicated until a new bottom pivot has been found. Furthermore, there is currently a sell signal from the 3 month Moving Average Convergence Divergence (MACD).

Corporacion America Airports S.A. finds support from accumulated volume at \$17.21 and this level may hold a buying opportunity as an upwards reaction can be expected when the support is being tested. On the upside the stock meets some resistance just above today's level from accumulated volume at **\$17.36**, **\$17.41** and **\$17.61**.

This stock is usually traded at a good volume, and with minor daily changes, the risk is considered to be low. During the last day, the stock moved **\$0.470 (2.73%)** between high and low. For the last week, the stock has had daily average volatility of **2.72%**.

Corporacion America Airports S.A. holds several positive signals and is within a strong rising trend. As the old saying says, "Let the trend be your friend.". We therefore consider it to be a good choice at these current levels and we are expecting further gains during the next 3 months. We have upgraded our analysis conclusion for this stock since the last evaluation from a Buy to a Strong Buy candidate.

Risk: **Low**

Evaluation: **Strong Buy Candidate**
