The price has risen in 7 of the last 10 days and is up by **4.52%** over the past 2 weeks. The stock lies in the middle of a wide and falling trend in the short term and further fall within the trend is signaled. The **Schweiter Technologies AG** stock holds buy signals from both short and long-term Moving Averages giving a positive forecast for the stock. Also, there is a general buy signal from the relation between the two signals where the short-term average is above the long-term average. On corrections down, there will be some support from the lines at **455.79 Fr** and **448.64 Fr**. A breakdown below any of these levels will issue sell signals. Furthermore, there is a buy signal from the 3 month Moving Average Convergence Divergence (MACD). Some negative signals were issued as well, and these may have some influence on the near short-term development. A sell signal was issued from a pivot top point on **Thursday, May 23, 2024**, and so far it has fallen -1.60%. Further fall is indicated until a new bottom pivot has been found. Volume fell along with the price during the last trading day, which is technical positive. One should, however, note that this stock may have low liquidity in periods, which increases the general risk.

**Schweiter Technologies AG** finds support from accumulated volume at **452.00 Fr** and this level may hold a buying opportunity as an upwards reaction can be expected when the support is being tested. On the upside the stock meets some resistance from accumulated volume at **486.00 Fr**, **500.00 Fr** and **502.00 Fr**.

This stock has average movements during the day, but be aware of low or falling volume as this increases the risk. During the last day, the stock moved **15.50 Fr** between high and low, or **3.35%**. For the last week the stock has had daily average volatility of **2.17%**.

Several short-term signals are positive, despite the stock being in a falling trend, we conclude that the current level may hold a buying opportunity as there is a fair chance for stock to perform well in the short-term.
