## Tech commentaries:

No changes to the price of **Vietnam Hldg Ltd** stock on the last trading day (Wednesday, 1st May 2024). During the last trading day the stock fluctuated **2.21%** from a day low at **£362.00** to a day high of **£370.00**. The price has fallen in 5 of the last 10 days and is down by **-2.66%** for this period.

The stock lies in the middle of a weak rising trend in the short term and a further rise within the trend is signaled. Given the current short-term trend, the stock is expected to rise **3.01%** during the next 3 months and, with a 90% probability hold a price between **£361.80** and **£395.58** at the end of this 3-month period.

There are few to no technical positive signals at the moment. The **Vietnam Hldg Ltd** stock holds a buy signal from the short-term Moving Average; at the same time, however, the long-term average holds a general sell signal. Since the longterm average is above the short-term average there is a general sell signal in the stock giving a more negative forecast for the stock. On further gains, the stock will meet resistance from the long-term Moving Average at **£372.51**. On a fall, the stock will find some support from the short-term average at **£365.14**. A break-up through the long-term average will give another buy signal, while a fall below the short-term average will add another sell signal and strengthen the general signal. A sell signal was issued from a pivot top point on **Tuesday, April 16, 2024**, and so far it has fallen -4.19%. Further fall is indicated until a new bottom pivot has been found. Furthermore, there is currently a sell signal from the 3 month Moving Average Convergence Divergence (MACD). Volume fell during the last trading day while price remained unchanged. This may be an early warning, but it may also not. We still recommend that you pay attention over the next couple of days.

**Vietnam Hldg Ltd** finds support from accumulated volume at **£365.00** and this level may hold a buying opportunity as an upwards reaction can be expected when the support is being tested. On the upside the stock meets some resistance just above today's level from accumulated volume at **£369.00**, **£370.00** and **£380.00**.

This stock is usually traded at a good volume, and with minor daily changes, the risk is considered to be low. During the last day, the stock moved **£8.00 (2.21%)** between high and low. For the last week, the stock has had daily average volatility of **2.11%**.

**Vietnam Hldg Ltd** holds several negative signals and this should be a sell candidate, but due to the general chance for a turnaround situation it should be considered as a hold candidate (hold or accumulate) in this position whilst awaiting further development. We have upgraded our analysis conclusion for this stock since the last evaluation from a Sell to a Hold/Accumulate candidate.

Risk: **Low**

Evaluation: **Hold/Accumulate**
